Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe the proposed development

The proposed site is approximately seven metres wide by thirty-one metres deep.
Our development would consist of an open-plan, accessible, single-storey dwelling for use as the main residence for myself and my disabled wife. All entrances will be either ramped or on a single level for easy wheelchair/scooter access. The building would be either one- or two-bedroom and include separate small garage/workshop for personal use & storage only.
The site is currently unused/empty but is situated between two existing residential properties. The rear aspect is to open fields and we would intend to retain this feature.
Our intention is to use solar panels, heat exchange systems and, if viable, a small wind turbine to conserve energy and help with energy bills.
We hope to use the rearmost quarter of the property to plant butterfly & bee-friendly flowers, etc. The rest of the garden would be planted in keeping with the local area and include vegetable plots.
Landscaping, other than planted areas, would be mostly lawn & level paving to retain accessibility.
For vehicle access, we intend to construct a 'wide-angle' driveway entrance to ensure adequate visibility when exiting the site. We also plan to include a 'turnaround' area for additional vehicular safety.
The proposed site is shown bordered in red on the attached Ordnance Survey print-out.
Photographs are also attached showing the proposed site as well as views of the road to show that visibility won't be compromised when exiting the plot.
In the photographs, the area is between the yellow cone at one boundary and the concrete post/fence at the other.
