AS INDICATED

DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be altered, traced, photographed or used for any other purpose other than that for which it is issued. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including dimensions are subject to site verification and the Contractor is to allow for any variations that may be necessary for abnormal conditions which may be discovered during construction unless reported to the Architect so that design ammendments may be considered. Site soil surveys are recommended in respect of foundations to establish specific site conditions before foundation work is undertaken. This drawing is limited in the amount of information contained and does not purport to exhibit a full specification of the works. It is solely for the purpose of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document alone. The works will not be supervised or inspected on site by G R Merchant or any representative thereof. It is the client or their appointed agents responsibility to control workmanship, substitution of materials, adherance to specification, variations to contract etc.

All materials to be new unless otherwise stated and all components, materials and materials etc. to be used fitted and installed etc. in strict accordance with the manufacturers instruction and relevant code of practice. Materials shall conform to appropriate British standard specification or BBA certificate or European code equivalent. The Employer / Client shall ensure that the intended contractor is competent with and adopts all measures necessary to achieve compliance with needle and battery legislation for building sites and Work classes. The Employer / Client is advised that should the works need to comply with the Construction Design and Management Regulations as Independent Planning Supervisor will be required. The works shall comprise of all that is shown on the drawing and cetn's. Work that may not specifically shown but may be reasonably inferred as necessary to carry out the works shall be deemed to be included.
