Application H23-1296-16
Location White Cottage Cranesgate North Whaplode St Catherine PE12 6ST
Proposal Replacement dwelling

Name J Reith
Address Environmental Health Technician Safety and Environment

Date Submitted 26-01-17
For/Against Comments

The condition relating to contaminated land on application H23-1170-15 was requested as we have a record of a filled pit/pond 50m south east of the site. The GeoEnvironmental Desk Study by Goldfinch Environmental Report Ref 0400/1 does not sufficiently investigate the filled ground. I therefore ask that the previous condition is carried over.
