DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be altered, traced, photographed or used for any other purposes other than that for which it is issued. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are based upon typical site conditions noted in the area. No responsibility can be accepted for abnormal conditions which may be discovered during construction unless reported to the Architect on that design amendments may be considered. Site soil surveys are recommended in respect of foundations to establish specific site conditions before foundation work is undertaken. This drawing is limited in the amount of information contained and does not purport to contain a full specification of the works. It is solely for the purpose of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document alone. The works will not be supervised or inspected on site by G R Merchant or any representative thereof. It is the client or their appointed agents responsibility to control workmanship, substitution of materials, adherence to specifications, variations to contract etc.

All materials to be new unless otherwise stated and all components and materials are to be used fitted and installed with in strict accordance with manufacturers instructions and relevant codes of practice. Materials shall conform to appropriate British standard specification or BBA certificate or European code equivalent. The Structural Engineer must be informed of any variations to the approved drawings in connection with and contents of construction necessary to achieve compliance with Health and Safety Regulations 1994 and Construction (Design and Management) Regulations 1994. Any variations must be agreed in writing with the Contractor. After Design the Structural Engineer cannot be held responsible for any Temporary works unless specifically designed by them. The works shall comprise of all that is shown on the drawing and details, work that may not specifically shown but may be reasonably inferred as necessary to carry out the works shall be deemed to be included.
