DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be altered, reproduced, photographed or used for any other purpose than that for which it was prepared without the written permission of G. R. Merchant. Dimensions are taken from figured dimensions only. Boundaries are based upon information supplied by others and may be subject to survey. Any discrepancies between the Architect and the client are to be reported immediately. The Architect is not responsible for any errors or omissions in respect of such information or any inaccurate information supplied by others. Title drawing is subject to the provisions of the Building Regulations and any other statutory requirements. This drawing must be read in conjunction with the Specification of the works. It is supplied by the purchaser on the understanding that the Architect and his staff are not responsible for the supervision of any contractor's work. This drawing must not be used as a working document unless the works are supervised or inspected by a representative thereof. It is the client's or their appointed agents responsibility to check all dimensions on site before any work is put in hand. All materials to be new unless noted otherwise. Workmanship and materials to be in accordance with the latest British Standard Specification, Codes of Practice, Agrément Certificates and Local Authority bye-laws. Where proprietary products are specified, the contractor is to follow the manufacturer's instructions and relevant codes of practice. Variations and contradictions are to be referred to the Architect before commencement of the relevant work. Any discrepancies between the information shown on this drawing and the requirements of the Building Regulations or other statutory requirements are to be brought to the attention of the Architect before commencement of the relevant work. Any variations between the information shown on this drawing and the requirements of the Building Regulations or other statutory requirements are to be brought to the attention of the Architect before commencement of the relevant work. Any variations between the information shown on this drawing and the requirements of the Building Regulations or other statutory requirements are to be brought to the attention of the Architect before commencement of the relevant work.
